

## ***Eco-Grip Training Center Fee Schedule***

New customers of Allied Industries International, Inc. are required to undergo official training at the Eco-Grip Training Center located in Charlotte, NC. Our training is geared towards beginner to intermediate stage heat welding and installation skill sets. Installation training is necessary to become a certified Eco-Grip Flooring installer and most importantly, to achieve the level of expertise necessary to succeed in the field. Upon completion of the training session, a final exam will be administered, and a Diploma for completing the course of study in Eco-Grip Installation will be awarded.

### **2 Day Training Session:**

- \$150.00 per person, to be billed to customer
- Airfare to be purchased by or billed to customer( Purchasing a rental car is encouraged)
- Motel/Accommodations, to be purchased by or billed to customer
- A catered lunch will be provided to trainees during both days of training.

It is important that trainees arrive the night before to participate in a full 2 day, 18 hour training session. Training begins at 8 a.m. and trainees are dismissed at 5 p.m. It is best to schedule out-bound flights after 6 p.m. to allow ample time for airport check-in procedures.
